Subject: Retain the role and powers of the Independent Planning Commission

Categories: Green category

Dear Productivity Commissioner,

I have not agreed with all decisions the IPC has made, but I support it continuing as the body that assesses major projects in NSW.

It is essential that major planning decisions are made transparently and at arm's length from government. The alternative is politicisation with a resultant increased risk of clandestine influence and corruption.

The role and powers of the IPC must be retained.

Yours sincerely,
